PRICE THREE CENTS. (ON TRAINS FIVE CENTS.)

**The Weather.**  
Forecast for Monday and Tuesday:  
Kentucky—Fair Monday; warmer in west portion; Tuesday fair.  
Indiana—Fair; warmer Monday and Tuesday; fresh to brisk east to south winds.  
Tennessee—Fair Monday; warmer in west portion; Tuesday fair.

## THE LATEST.

The Internal Commerce Commission will conduct the hearing of arguments for E. H. Harriman in Washington to-day as to whether or not the commission shall appeal to the courts to compel Mr. Harriman to answer certain questions affecting his management and control of the Pacific railroads and the Chicago and Alton. At the hearing in New York several weeks ago, Mr. Harriman declined to answer several questions concerning his financial management.

A requiem mass was celebrated at St. Peterburg in the main synagogue for Dr. Jollos, editor of the Russki Viedomosti, who was assassinated by a youth at Moscow March 27. Many thousands of persons attended, among them being the most prominent leaders of all the political parties, nearly one hundred members and ex-members of parliament and Princes Peter and Paul Dolgoroukoff.

King Edward will leave Biarritz April 5 for Toulon, whence he will proceed the following day on board the royal yacht for Cartagena to meet King Alfonso of Spain. The approaching meeting between the two monarchs has created considerable commotion throughout Europe, although an official announcement has been made that the meeting will not be of a political character.

Following the dedication of the Carnegie Institute this month the second convention of the American Association of Museums will be held at the Carnegie Museum June 4, 5 and 6. The gathering will comprise the heads of museums of world-wide fame in this country. Besides the American scientists and scholars, South America and Canada will be represented.

Secretary of War Taft will end his tour of inspection of the Panama canal April 3, when his party will go to Havana, being due to arrive there April 7, and three days will be spent in Cuba, during which time Secretary Taft will investigate the situation with regard to the withdrawal of American troops from the island.

Michigan will elect five State officials to-day, including two Justices of the Supreme Court, two Regents of the State University and one member of the State Board of Education. In the fifth Michigan congressional district a successor to Congressman William Alden Smith will be elected.

Evidence showing that a two-weeks-old baby was murdered by being thrown into a creek in Fleming county was discovered at Ewing, when an autopsy was held on the body of the child found a week ago, and it is probable that sensational developments may follow.

Argument on the case of Benjamin Greene and John F. Gaynor, charged with conspiracy against the United States Government, will be heard before the United States Circuit Court of Appeals at New Orleans to-day. Greene and Gaynor are now in jail at Macon, Ga.

After escaping death three times in railroad wrecks and being blown up by the explosion of a steam engine, John L. McGuire, an engineer on the I. C. railroad, died in his home in Paducah from a ruptured blood vessel caused by a fit of coughing.

The sudden drop in temperature throughout Kentucky yesterday has greatly endangered the fruit crop, according to F. J. Walz, weather forecaster for the Louisville district. He expects frost by morning.

James Dilly was killed and his son, Bada Dilly, was wounded in an effort to prevent a fight in front of their house near Wisdom, in Metcalfe county. Blaine Pierce is charged with firing both shots.

Mrs. William Goddard escaped death at Georgetown by suddenly stooping over to catch a chicken. A stray bullet parted her hair and would have killed her had she been standing at the time.

Steps for strengthening the Triple Alliance are said to have been talked over at a meeting between the German Chancellor and the Italian Minister of Foreign Affairs at a meeting in Italy.

M. Hamard, head detective of the Department of the Seine, was wounded at Paris by a dagger thrust while arresting a man named Dalin, who is accused of murder.

The mayoralty contest in Chicago has taken on more and more of the aspect of a warfare against Hearst, who has been exceedingly active in the campaign.

Albin B. White, one of the leading lawyers of Eastern Kentucky, died of hemorrhage of the brain, superinduced by indigestion, at his home in Mt. Sterling.

Prices in the Southern iron market are unchanged to a trifle stiffer, despite slight dropping off in inquiries. No sag is looked for in prices.

## BITTERNESS IN CHICAGO FIGHT

Dunne May Suffer From Hearst's Support.

Democratic National Leaders Taking An Interest.

Both Sides Confident On Eve of Battle.

MAKING SUPERHUMAN EFFORT

Chicago, Ill., March 31.—[Special.]—As the municipal election on Tuesday draws nearer the contest takes on more and more of the aspect of a warfare against William Randolph Hearst and his newspaper lieutenants, who have been exceedingly active in the campaign. On the eve of a contest which is to be the hottest in Chicago for many years it begins to appear that Mayor Dunne will suffer on account of the support given him by Mr. Hearst and also because of the bitter personalities indulged in by the Hearst papers. Dispatches from Washington to-night intimate that some of the Democratic national leaders are secretly hoping for the defeat of Mayor Dunne, not because they have aught against the candidate, but because they believe his failure to be elected would lessen the political influence of Mr. Hearst. Democratic friends of William Jennings Bryan think he and his party will have clearer sailing a year hence if the Hearst influence suffers a relapse in Chicago as it did in the East.

### The Independent Vote.

The Record-Herald will present a strong editorial to-morrow endorsing the candidacy and platform of the Republicans and denouncing the record of Mayor Dunne, who is characterized as not intellectually fit or morally strong enough to handle the affairs of a great city like Chicago. A few days ago the Evening News printed a similar endorsement of Mr. Busse.

These two papers for years have controlled an independent vote estimated at 30,000 to 40,000, and it is believed their attitude will be disastrous to the Mayor's aspirations to succeed himself. Every other newspaper in the city is urgently insisting on the election of Mr. Busse. There were many meetings over the city to-day, and the climax of the campaign will be reached to-morrow when both the leading parties will make superhuman efforts to line up their forces for the fray.

The Republican and Democratic leaders did not yield during the day from the forecasts made by them yesterday. Mayor Dunne believes he will be elected by at least 40,000, and he is sincere. The Busse lieutenants, whose canvasses of the various precincts were unusually thorough, show quite as big a plurality for Busse. In fact, their figures make an even better exhibit than they have announced publicly.

### Both Sides Worried.

The fact is that both sides are much worried to-night, that is the rank and file on both sides. Aside from the traction issue, which interests every man, woman and child in the city, there are other important questions to come up during the next four years for settlement.

The Legislature has adjourned over for the election and the interest down State is almost equal to that of a presidential election. It is considered a great political asset for the future to get control of the machinery in Chicago and keep it during the next four years. There is one great reason to account for the strenuous work by both parties. It is thought to-night that the traction ordinances, which Mayor Dunne and his party oppose, will go through by a handsome majority, but even that is problematical.

## NO GENERAL RAISE.

COL. CLOWRY ON INCREASE IN TELEGRAPH RATES.

President of Western Union Tells of Reasons Making Advance Necessary.

New York, March 31.—Concerning the recently announced advance in the rates charged by the company, Col. R. C. Clowry, president of the Western Union Telegraph Company, to-night said: "There has been nothing like a general increase in rates by the telegraph companies. A number of special and unprofitable rates have been increased to the standard schedule rates. These special rates were discriminatory against a large number of places and were originally established by competing companies, which by reason thereof went into bankruptcy. Most of the rates increased were twenty-five cents for ten-word rates. It costs at least thirty cents each to handle such messages for short distances at the present time. The increase in the cost of telegraph materials has been from 25 to 100 per cent. within the last few years. In addition to the present horizontal increase of 10 per cent. in the salaries of all managers and operators, there

has been for years past a constant increase in wages of officials and individual employees from month to month. There is no increase in the extra-word rate, consequently the newspaper rates remain the same."

### Operators May Go Out.

Wheeling, W. Va., March 31.—Telegraph operators in West Virginia threaten to strike if their wages are reduced when the new eight-hour law, enacted by the recent Legislature, goes into effect. The railroad companies have given notice that there will be a proportionate reduction in wages as soon as the act takes effect, May 9. At a meeting to-day the operators representing every division in West Virginia adopted resolutions to accept nothing less than they receive now for twelve hours.

FORMER KENTUCKIAN DIES IN KANSAS CITY.

Kansas City, Mo., March 31.—William B. Thayer, a member of the Emery, Bird, Thayer Dry Goods Company, conducting a large department store here, died to-night, aged fifty-five years. He was born in Covington, Ky.

BABY KILLED BY FALL INSIDE ITS GO-CART.

Evansville, Ind., March 31.—[Special.]—The four-year-old baby of Jacob Cain, in raising itself in its go-cart, fell back on its head and was killed.

EXCITING LIFE ENDS IN FIT OF COUGHING

ENGINEER DODGES DEATH IN SERIOUS WRECK

TO DIE BY BURSTING OF BLOOD VESSEL IN THROAT.

BLOWN UP AND RUN OVER.

Paducah, Ky., March 31.—[Special.]—John L. McGuire, aged fifty-six, who ran the first engine between Paducah and Memphis over what was then known as the New Orleans and Ohio road, and who three times escaped death in horrible accidents, died at Fulton by the bursting of a blood vessel in his throat, while in a fit of coughing.

He was born in Erie, Pa., but was reared in Tennessee. When fifteen years old he began as a helper on the Nashville and Northwestern road. Later he worked on the New Orleans and Ohio road as helper. He was run over by a train, his spine dislocated and his body badly cut up. From another accident he emerged alive by a miracle, his engine blowing up at Boaz station, and he was blown fifty yards away. A box car ran down a steep grade and ran over his engine at Russell, Tenn., making his escape. In August, 1882, when the road was completed to Memphis, he ran the first train and had continued as a regular passenger engineer between Paducah and Memphis since.

COMPOSES HERSELF ON BED TO AWAIT DEATH

TIED UP LIVING, PADUCAH WOMAN SWALLOWED DOUBLE POISON.

Paducah, Ky., March 31.—[Special.]—Composed upon her undisturbed bed, a freshly tidied room, with her hands folded across her breast, Miss Lizzie Leonard, forty-five years old, was found dead by her family this morning at her home, 1308 South Ninth street. A note to her brother, William Leonard, a member of the Fire Department, explained that she was tired of living, on account of ill health, and that she had swallowed carbolic acid and laudanum.

PEACEMAKER KILLED TRYING TO STOP FIGHT

JAMES DILLY SHOT AFTER SON'S ARM IS BROKEN BY BULLET.

Edmonton, Ky., March 31.—[Special.]—James Dilly was shot and instantly killed near Wisdom, Metcalfe county, while acting as peacemaker and endeavoring to prevent a fight in which his son, Bada Dilly, had previously been shot in the arm, both shots, and will be arrested when he is located, but thus far he has not been apprehended.

The details of the killing are not definitely known here. It is reported that Pierce and another man, whose name is not known here, became involved in a difficulty in front of Dilly's home. Young Dilly went down to where they were and endeavored to quiet the trouble. It is said, when he was shot in the arm, the bullet breaking the bone. The elder Dilly then went to the road where the men were standing, and was shot in the mouth, being instantly killed.

DODGES BULLET BY CATCHING CHICKEN

WOMAN STOPS JUST IN TIME TO AVOID BEING KILLED.

Georgetown, Ky., March 31.—[Special.]—Mrs. Will Goddard, a carpenter's wife, narrowly missed being killed while stooping to catch a chicken in her front yard. She lives across from Georgetown College campus, and a bullet fired by some reckless student, playfully celebrating, pierced her bonnet and parried her hair. Had she not stooped just when she did the bullet would have struck her on the head.

## PAVING WAY FOR SOCIALISM

President's Agitation Helping the Cause.

Founder of the Party Sees Hope For the Future.

Says Teddy Steals Many Ideas From Them.

TO CAMPAIGN IN KENTUCKY.

Milwaukee, Wis., March 31.—Victor L. Berger, founder of the Social Democratic party and the man who converted Eugene V. Debs to Socialism, to-night announced the plans of the National Executive Board, of which he is a member, for spreading Socialism into twenty-six States where interest is now lukewarm.

Mr. Berger makes the remarkable statement that President Roosevelt has stolen many of his ideas from the Socialists. "All this recent agitation and unrest," said Mr. Berger, "and the showing up of how corporations run things is making votes for us and swelling our membership." He says:

### People Awakening.

"The people are awakening. They are becoming more liberal, and are beginning to understand social conditions better. Why, look at President Roosevelt. His agitation and exposures are helping us immensely. He is paving the way for Socialism. While he is not of our faith, nevertheless he is helping us. The more he agitates, the better we like it. He is convincing the people that we know what we are talking about."

### Many Ideas Stolen.

"He has even stolen some of our ideas. He is using them. In fact, he admits they are ours. The entire country has been divided into three distinct classes of States. The first class composes those States that do not need national help. The second class is the list of States which the national leaders propose to assist. The third class is the list of States which for the present are to be abandoned."

### Kentucky New Field.

"The States are classified as follows: 'Class 1—New Jersey, Illinois, Wisconsin, California.

'Class 2—Arkansas, Colorado, Connecticut, Idaho, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, New York, New Hampshire, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, Texas, Vermont, Washington and West Virginia.

'Class 3—Alabama, Arizona, Delaware, Florida, Georgia, Louisiana, Mississippi, Nebraska, North Dakota, South Dakota, Nevada, New Mexico, North Carolina, South Carolina, Tennessee, Utah, Virginia and Wyoming."

FIRST RIDE IN NEW AUTO ENDS IN DEATH.

Niece of Late Collis P. Huntington Killed by New Machine—Drives Off Bank.

Oneonta, N. Y., March 31.—Mrs. E. S. Loveland, a niece of the late Collis P. Huntington and a beneficiary under his will, was instantly killed to-day while operating a new automobile, which had been delivered to her yesterday. In attempting to turn around, Mrs. Loveland unintentionally turned on full power and the car shot across the sidewalk and plunged over a stone wall that crowns a twenty-foot embankment. Mrs. Loveland was thrown from the car and her neck was broken.

ALBIN B. WHITE DIES SUDDENLY AT HOME

HEMORRHAGE OF BRAIN FATAL TO WIDELY-KNOWN LAWYER.

Mt. Sterling, Ky., March 31.—[Special.]—Albin B. White, one of the leading lawyers of Eastern Kentucky, died at his home on Main street suddenly Saturday night, of hemorrhage of the brain, superinduced by indigestion. He was comparatively well when he retired, but near midnight his wife noticed he was ill and summoned physicians, but he was dead when they arrived. Mr. White was sixty-seven years old and had practiced law here thirty years. He served as County Attorney of this county, and was defeated for Judge by Ed C. O'Rear, now on the Appellate bench. He was prominently identified here.

MOTHER OF NINE CHILDREN DROWNS HERSELF IN CISTERN

Madison, Ind., March 31.—[Special.]—Mrs. Louis A. Robb, aged seventy years, committed suicide early this morning. She has suffered from nervous prostration, but retired last night in good health and spirits. Missing her from her bed at 6 o'clock this morning, her husband instituted a search,

which resulted in finding her skirt in a neighboring yard and her body in the cistern. She leaves a husband and nine children.

WELL-KNOWN RIVER MAN DIES OF BRIGHT'S DISEASE.

Albert Bishop, on Ohio Boats for Twenty-Five Years in Many Positions.

Brandenburg, Ky., March 31.—[Special.]—Albert Bishop, for many years clerk and captain on river steamers between Louisville and Evansville, died here this afternoon of Bright's disease. He was forty-five years old, and is survived by his wife, who was Miss Kate Reed, of Nashville.

Mr. Bishop had been on the river for twenty-five years, and was known from Pittsburgh to Cairo in river cities and towns. At the time of his death he was connected with the Louisville and Evansville Packet Company. He was a member of the Elks' Lodge at Paducah, where he lived for the last three years. The funeral will be held to-morrow afternoon at 2 o'clock. Ernest Bishop, of Louisville, is a brother.

FATHER OF HOMESTEAD LAW DIES OF OLD AGE

DREW BILL WHICH OPENED WESTERN COUNTRY.

GALUSHA A. GROW PASSES AWAY IN PENNSYLVANIA.

HIS RECORD IN CONGRESS.

Binghamton, N. Y., March 31.—Former Congressman Galusha A. Grow died at his home in Glenwood, Pa., this afternoon as a result of a general breakdown attributed to old age.

Mr. Grow was elected to Congress from the Wilmet district of Pennsylvania as the youngest member of that body in 1861, and, after retirement from public life for nearly forty years, he re-entered the House of Representatives as Congressman-at-large from Pennsylvania fourteen years ago. When he retired four years ago his public services in the House extended over the longest period, although not continuous service, of any man who ever sat in that body.

During the antebellum days he was one of the best known men in the United States, and in 1864 he came within one vote of being nominated for Vice President in place of Andrew Johnson, who became President on the death of Abraham Lincoln.

Mr. Grow's greatest public service was as the "Father of the Homestead Law," through which measure many millions of acres of Western farm lands were opened to settlement by homesteaders, an act which has been credited with doing more than any other one thing for the development of the great West.

Mr. Grow was the last surviving member of a family of six children. He was never married.

EVIDENCE SHOWS MURDER OF BABY

AUTOPSY HELD ON BODY FOUND IN CREEK IN FLEMING COUNTY.

Paducah, Ky., March 31.—[Special.]—Positive proof that the baby found in a creek near here a week ago was drowned was secured to-day when an autopsy was held on the body. It was shown by the examination that the baby was at least two weeks old, and that it was alive when thrown into the water. There was nothing to show that any injury was done to the baby before it was thrown into the water, but the condition of the lungs showed that it met death by drowning.

County Attorney Alvin B. Kendall is making the investigation, and it is said that sensational developments may come during the next few days.

KILLED ON WAY BACK FROM EASTER PICNIC

TWO MEN AND WIVES MEET DEATH WHEN TRAIN STRIKES RIG.

Kansas City, Mo., March 31.—Four persons in a buggy—two men and two women—were instantly killed late this afternoon at the Fifteenth-street crossing of the Chicago and Alton railroad, two miles east by the Red River, west-bound from St. Louis. The dead are George Henry, aged thirty-three, and his wife, aged thirty, and D. H. Monahan, aged thirty, and his wife, aged forty. The men were salesmen for local mercantile houses.

Tramways say that the carriage drove directly in front of the engine, although the electric bell at the crossing had been ringing several minutes. Two of the bodies were picked up by the catcher of the locomotive and carried some distance. It is supposed the four people were returning from an Easter picnic in the country.

QUEER ANTICS OF VIRGINIA WEATHER

SENSATIONAL JUMP FROM SUMMER TO WINTER IN ONE DAY AT PETERSBURG.

Petersburg, Va., March 31.—[Special.]—From summer to winter in one day was the sensational jump made by the weather here. Yesterday it was 92 degrees and to-day snow is falling and the ground is covered. The remarkable drop came in less than twenty-four hours, the mercury falling 80 degrees. Yesterday even summer coats were unnecessary and the residents were going about in the attire of June. To-day they are wrapped in cloaks and overcoats and wondering what to-morrow will bring.

## NO ENTHUSIASM ABOUT CANAL

Representative McCall Not At All Optimistic.

Article On What He Saw Soon To Appear.

Southern Business Men To Go To Panama.

LOOK FOR TRADE EXTENSION.

Washington, March 31.—[Special.]—Representative McCall, of Massachusetts, who was one of the party of fifty Congressmen who returned from a trip of inspection to the canal zone, is in Washington for the transaction of some official business.

Mr. McCall is hardly as enthusiastic regarding the work on the canal as some of his colleagues. He has written an exhaustive article for a leading weekly magazine, in which his views regarding the work on the waterway are fully set forth, and as the number of the weekly containing the paper has not yet appeared, he is not inclined to talk freely for publication elsewhere.

One who converses with him, however, gains the impression that he does not share all the optimistic views expressed by the party of Congressmen who have made statements about the work on the isthmus since their return from there.

### Prodigious Display.

"We undoubtedly witnessed a prodigious display of American enterprise on the isthmus," said Mr. McCall to-night. "As for pessimism in our working force, that surely is not the place to look for it. Much effective work is now being done, and the success of the organization created by Mr. Stevens can easily be expanded and made to accomplish much more."

"What will it cost to complete the canal?"

"Well, it is, of course, likely to cost much more than the first estimates. New and extraordinarily large works, especially when conducted by Governments, usually do. But I saw no evidence of extravagant expenditures."

### WANT LATIN TRADE.

Southern Business Men Going to Canal Zone.

New Orleans, March 31.—[Special.]—Following close on the heels of the Southern States and Gulf Coast Panama Conference at New Orleans, and having for its object the pressing of the claims of the Gulf ports and Mississippi valley for recognition in the matter of canal affairs, it is announced by the New Orleans Progressive Union that business men representing commercial organizations in numerous cities of the Gulf Coast, South, Mississippi valley and Central West, will make a special trip to Panama, leaving New Orleans on Saturday, April 20, on the steamship Ellis of the United Fruit Company's line.

This movement was started some weeks ago by the Nashville Board of Trade, with the co-operation of the Progressive Union, and definite announcement of the date was withheld until the matter of railroad rates from interior points to New Orleans might be arranged.

It is expected that quite a party will leave for New Orleans, as requests for information have come from all sections, and as far as the Southern States, the Merchants and Manufacturers' Association of that city endorsing the trip in a strong resolution.

AGED MASON DIES IN MADISON, IND.

J. E. C. F. Harper, a retired druggist, and one of the best known men in this section of the State, died to-night of the infirmities incident to old age. He was eighty-seven years of age, and had occupied a high position in business here for many years. He was a prominent Mason and Odd Fellow. He leaves a wife and one son, G. F. Harper, who is City Clerk of Madison.

BUFFALO GNATS KILL VALUABLE HORSES.

SMALL PESTS STING FIVE ANIMALS TO DEATH IN INDIANA.

Evansville, Ind., March 31.—[Special.]—A report from Clay township, in Pike county, Ind., that reached here to-day states that during the past week five valuable horses in that vicinity were killed by buffalo gnats. These gnats are much larger than the ordinary horse fly and sting the horses to death.

COLORADO TO VOTE AGAIN ON OLD DEBTS.

Denver, Col., March 31.—The Legislature yesterday passed a bill providing for the submission to the people of a constitutional amendment to pay, without interest, certificates of indebtedness issued during the Seventy-Eighth, Ninety and Eleventh General Assemblies, amounting, on their face, to nearly \$1,000,000. Twice before the people of Colorado have voted on a similar constitutional amendment, but both times it was defeated, the opposi-

tion declaring that the certificates were issued to pay for supplies, etc., purchased at outrageous figures.

EX-PRESIDENT CLEVELAND EXPRESSES GRATITUDE.

Princeton, N. J., March 31.—Former President Grover Cleveland has furnished the following to the newspapers and requested its publication: "It seems to me impossible for me to acknowledge, except through the press of the country, the generosity and kindly consideration of my countrymen which have been manifested by congratulatory messages and newspaper comment on the occasion of my seventieth birthday. These have deeply touched me and in the Book of grateful recollection they are written where every remaining day of my life I can turn a page and read them."

HOPE TO ENCOURAGE IMMIGRATION TO TENNESSEE.

Nashville, Tenn., March 31.—[Special.]—At the Board of Trade to-morrow there will be a conference to take up the question of immigration with a view to forming the Tennessee Industrial Association for the encouragement of immigration into Tennessee, and to request the effort to establish the State Department of Immigration.

SPENDS THE DAY WITH HER HUSBAND

THAW'S EASTER BRIGHTENED BY WIFE'S VISIT.

SHE SAYS HE GROWS MORE CHEERFUL EACH DAY.

TALKS OF BEING FREE.

The Only Hope.

New York, March 31.—Easter Sunday for Harry Thaw in the Tombs was made more cheerful by a visit from his wife, who had been granted a special permit to pass the afternoon with her husband.

When Mrs. Thaw left she spoke for the first time since the tragedy last June to reporters.

"Harry grows more cheerful and satisfied with the way his affairs are progressing every day," she said. "Like all the rest of us, he is perfectly confident that the commission will find him sane and that the trial will go on. He even talked to-day of being free next Sunday, and planned how we would dine together."

Thaw attended the Easter service conducted by Rev. Dr. Sanderson in the morning. None of his counsel visited him during the day. He will consult with his lawyers to-morrow as to probable developments before the commission, which convenes at 10 o'clock.

SUDDEN JUMPS IN ARMY WILL CEASE

NO MORE SHOIVING UP OF YOUNG CAPTAINS.

GEN. BELL BELIEVES TOO RAPID PROMOTION BAD.

PERSHING CASE CAUSES IT.

Washington, March 31.—[Special.]—The policy of appointing young Captains and Majors to be Brigadier Generals, and jumping them over the heads of hundreds of their seniors in rank, will be abandoned by the Administration, Maj. Gen. J. Franklin Bell, Chief of Staff of the army, and the military adviser of the Secretary of War, believes that no officer holding rank below that of a Lieutenant Colonel should be made a Brigadier General when only a Major, he realizes that this policy is not a good one for the army, and that the jumping of juniors over their seniors is discouraging to the service and does not make for its efficiency. Recently Secretary Taft and the President have followed closely the recommendations of Gen. Bell for the appointment of officers to fill the vacancies in the grade of Brigadier General.

Since the appointment of Capt. John J. Pershing to be a Brigadier General, every officer selected for promotion to general ranks has been a senior Colonel. There is reason to believe that had not the promotion of Capt. Pershing been promised several years ago, it would not have been made, notwithstanding the high personal regard the President has for the young officer, who has performed very distinguished service.

FAST TRAIN ON B. AND O. CRASHES INTO FREIGHT.

Fairmont, W. Va., March 31.—Baltimore and Ohio passenger train No. 11, bound for Wheeling, collided head-on with a freight train at Pritchard's Mills, seven miles west of here, late this afternoon.

Over 100 passengers were severely shaken up and bruised, and a brakeman on the freight train was seriously injured. Both locomotives were demolished and the trains badly damaged. A considerable number of orders, it is said, caused the accident.

PREPARES GALA TIME FOR SECRETARY TAFT.

San Juan, P. R., March 31.—Gov. Winthrop is preparing to make the reception in Porto Rico of Secretary of War Taft second only to that extended to President Roosevelt. Mrs. Taft will preside the Secretary to the island, arriving here April 11. The program includes an informal dinner on Secretary Taft's arrival here, April 14, a visit to points of historic interest and an automobile trip from San Juan to Ponce and return, and the same loads taken by President Roosevelt.

## COLD SNAP THREAT TO CROP

Forecaster Walz Feels Uneasy About Fruit.

Drop of 20 Degrees In Few Hours.

Said Frost Would Settle Over State.

END OF UNIQUE MONTH.

With only six more degrees to drop to the freezing point, according to the readings at 8 o'clock last night, F. J. Walz, weather forecaster for Louisville, said that frost would probably settle at many points in Kentucky before morning and great damage would be done the fruit crops.

The almost unprecedented warmth of the past two weeks had cooked trees and flowers into full blossom. According to the weather man they are not in condition to withstand the sudden cold snap which developed yesterday and last night. The drop brought the temperature to the figures that are normal for this time of the year. The trouble is that the warm weather of the past two weeks was about a month in advance of the season.

### The Only Hope.

## CHANCELLORS HOLD MEETING

Von Brelow and Tittoni Cement Ties of Friendship.

Issue Statement That They Are in Full Accord.

Confer On Strengthening Of Triple Alliance.

OTHER NEWS ACROSS SEAS.

Rapallo, Italy, March 31.—Through originally it was intended by Prince Von Brelow, the German Imperial Chancellor, and Signor Tittoni, the Italian Minister of Foreign Affairs, that not the slightest political importance should attach to their meeting here today, after a few hours' conference at the Imperial Palace Hotel this morning it was decided before separating to issue an official statement. This was as follows:

This morning there took place a long and amicable discussion between Prince Von Brelow and Signor Tittoni. Although the conference was not brought about by political reasons, naturally the subjects of conversation were the political questions now occupying the international field.

The conversation demonstrated again the complete correspondence of ideas of the two statesmen. Although the strictest secrecy is maintained concerning the meeting of the diplomats, it seems that the chief discussion was concerning the efficiency and strength of the triple alliance and that it was especially argued that reciprocal relations between Austria and Italy should be strengthened, as the greatest danger threatening the two Powers was a conflict between themselves, which the triple alliance wished to avoid.

It is expected that the conferences will end when Prince Von Brelow and Signor Tittoni meet Baron Aehrenthal, the Austro-Hungarian Foreign Minister.

It is asserted that the German Chancellor is not opposed to the principle of a general limitation of armaments, but that he will reserve his actual adhesion to it until a practical way for its application is found.

SERIES OF BRUTAL MURDERS.

Russian, Turned From Sister's Home, Runs Amok.  
Alexandropol, Russian Armenia, March 31.—A series of brutal murders was perpetrated here today by a man named Karapetyants, who lately had been without employment and was refused further board and lodging in the home of a married sister. He reportedly wounded his sister, a nephew and niece, killed her husband and a neighbor who answered her cry for help, and finally wounded the wife and mother of this neighbor. Then he committed suicide.

SHOOT TWO POLICEMEN.

Student, Ambushed, Makes Escape Without Injuries.  
Moscow, March 31.—The police Saturday discovered and searched a revolutionary meeting place on Fresh Pond avenue. They stationed an ambuscade, and to-day a student who had not been warned that the place had a mortally covered entrance, Police Officer Andreiev and Gontcharov stepped from the ambush toward the student, who had both of them with his revolver and escaped unharmed.

TREATED BADLY IN BRAZIL.

Russian Colonists Make Complaint to Official at Home.  
Riga, Russia, March 31.—The Governor General of the Baltic provinces, Lieut. Gen. Baron Koslov-Sakomelsky, has received from Russian colonists in Brazil a letter complaining of the difficult position of the colonists and the unfair treatment of them by Brazilians and asking him to prohibit emigration to the South American republic. Riga is the starting point of a large stream of emigrants to Brazil.

Fellow-Prisoners Kill Him.

Krasnoyarsk, Russia, March 31.—Drunkenness and a quarrel with a fellow-prisoner led to a fatal result Saturday. A man named Dmitriyev, 21 years of age, was sentenced for torturing peasants during the war to a term of imprisonment in the jail here. They captured him and held a regular court and executed him by shooting at his brains against the floor.

Fears Spread of Disorders.

St. Petersburg, March 31.—Premier Stolypin has sent a circular to the Governors of provinces ordering them to prohibit the printing of news of the agrarian disorders in Roumania, in the fear that they may spread to Russia.

ALLEGED "WIRE-TAPPERS" TAKEN INTO CUSTODY.

Three Men and Woman Are Arrested by Police in Cleveland.  
Cleveland, March 31.—In the arrest here to-day of three men and a woman giving the names of Edward Weiss and Max Morris, of New York, and Charles Drucker and Claudia Carlson, of this city, the police believe they have caught a clique of clever "wire-tappers" wanted in several cities.

The arrests were made following an alleged attempt to swindle J. D. Marks, a wealthy scrap iron dealer, out of \$5,000. A draft for that amount signed by Marks was about to be turned over to Weiss when two policemen secreted near the Weiss residence and the others were taken in later as accomplices.

Marks told the police that Weiss told him that he was in a position to procure race reports secretly in New York on the strength of which Marks was promised a large amount of money. They had planned to go to New York and Marks was to direct from St. Paul, Minn., and within an hour start.

POST-OFFICE ROBBERIES COMMON IN CHATTANOOGA.

Nitroglycerin Used to Blow Safe for Second Time in Past Two Weeks.

Chattanooga, Tenn., March 31.—For the second time within two weeks a suburban branch of the Chattanooga post-office has been robbed. Early this morning the Ridgeway post-office was broken into and cash and stamps to the amount of \$273 taken. Two weeks ago the East Chattanooga branch was robbed, and within the two weeks preceding similar robberies were committed at Rockwood and Hartman. The method of the robbers has been identical in every case. In each instance a blacksmith shop had been broken into and tools secured for use in the robbery, the cracksmen leaving their behind when their work was done. Nitroglycerin was used to crack the safes.

WOMAN SAID TO BE AT BOTTOM OF MURDER.

Richmond, Va., March 31.—Lease B. Ritter, a married man and a veteran of the Spanish-American War, was shot and almost instantly killed last night by Otto N. Hillard of the Valley, two miles from Winchester, Va. Hillard claims that Ritter attempted to force his way into the home and that he shot in self-defense. A woman is said to be at the bottom of the affair. Hillard is in jail.

ONE VICTIM DIES.

SAM MITCHELL IN JAIL ON THE CHARGE OF MURDER.

Mrs. Thomas Turner, Who Was Wounded, Still in Critical Condition.

John Solomon, colored, died from the effects of gunshot wounds received Saturday night, at the City Hospital at noon yesterday. Sam Mitchell, colored, who is charged with shooting Solomon, is in the county jail charged with murder, the charge having been changed at the death of Solomon.

Mrs. Thomas Turner, who was also shot accidentally by Mitchell, is still in a critical condition at the City Hospital, and it is not yet known whether or not she will recover. Last night her physician, Dr. C. C. English, said:

"Mrs. Turner is resting nicely and her condition has improved during the day. She is now much better than had thought it would be possible for her to be. However, it will be several days before I can tell whether or not she will recover. Her chance for recovery is much better than I had expected."

"I have not yet extracted the bullet and have no prospect for recovery for fear that it might be lodged in the lung. I was unable to locate the ball Saturday night."

Both Mrs. Turner and Solomon were shot Saturday night at First and Walnut streets by bullets thought to have been fired by Mitchell at Solomon. The negro was struck first and fatally injured. He was removed to the City Hospital, Mrs. Turner with her daughter, were passing along the street and hearing the shots, tried to get out of the way. Mrs. Turner was struck by a stray ball and made no recovery.

WILLIAM H. CONLEY DIES OF CONSUMPTION.

He Had Been Employed at the Seventh-Street Station for Many Years.  
William H. Conley, assistant baggage-master at the seventh-street station, died yesterday morning, after an illness of almost two months. During that time he was afflicted with heart disease and consumption. Mr. Conley was thirty-eight years of age, and is survived by a wife and five children.

Since 1899 Mr. Conley had been at the seventh-street station, and is well known among railroad men throughout the country. About two months ago he read a paper, prepared some years ago, began complaining of being ill. For some weeks he had been confined to bed at his home, 2422 West Broadway.

The funeral services will be held at 9 o'clock this morning at St. Charles Catholic church, and will be followed by interment in St. Louis cemetery. Among the pallbearers will be several of the employees from the seventh-street station who have worked with Mr. Conley. The men from the station will also send flowers.

BATTLE OF MOBILE BAY TO BE DISCUSSED.

The Filson Club will hold its regular monthly meeting in the library of Col. R. T. Durrett, at 5 o'clock to-night. The battle of Mobile Bay was fought on the 5th of August, 1864, nearly forty-three years ago. It is yet fresh in the memory of living participants, Capt. Alfred Poirer, secretary of the club, will read a paper, prepared some years ago, by Dr. Conrad, who was Fleet Surgeon to Admiral Buchanan, of the Confederate navy, that side of the conflict. Admiral Watson, who was Fleet Lieutenant to Admiral Farragut, will then tell what he saw on the Union side from the flagship. The subject will then be open for general discussion, and any member will have the privilege of expressing his views.

WHAT MAY BE EXPECTED AS TO APRIL WEATHER.

If weather conditions that have prevailed in Louisville and vicinity during the month of April for a period covering thirty-five years are to be taken as an indication, Louisville people this month will experience a mean or normal temperature of fifty-six degrees. The warmest April was that of 1896, when the average temperature was sixty-one degrees. The highest temperature ninety-one degrees was registered April 30, 1894, and the lowest temperature—twenty-one degrees—was recorded April 8, 1895.

The average precipitation during the month of April for the last thirty-five years has been 3.84 inches. The greatest monthly precipitation was 6.08 inches in 1872, and the least monthly precipitation was .25 inches in 1896.

Back From Porto Rico.  
Charleston, S. C., March 31.—Secretary of the Navy Victor H. Metcalf and party arrived in Charleston on board the United States ship Dolphin this afternoon, coming direct from San Juan, P. R., and within an hour start.

STIFF FIGHT

Will Be Made On the Annexation Ordinance.

OPPONENTS ALLEGE DISCRIMINATION IN THE MEASURE.

OWNERS OF SUMMER RESORTS SAY IT MEANS A BURDEN.

PAY WANTED FOR COUNCILMEN

Probably the most important thing to come up at the meeting of the General Council to-morrow night will be the ordinance to be introduced in the lower board providing for the annexation of the city of surrounding territory. The City Assessor and the Mayor have been at work on the matter for weeks, and Judge A. E. Richards, City Attorney, is now formulating the ordinance. Maps calculated to show just what territory is to be taken into the city, provided the ordinance to be introduced to-morrow night passes, are being prepared, and probably will be circulated among the members of the General Council. The City Assessor and the Mayor decline to make known just what territory it is proposed to annex to the city, preferring to have the matter come up before the General Council first, but it is said that Churchill Downs and that portion of South Louisville known as "Ponyville" are not included in the annexation plans. Surrounding territory is included, however, and for that reason those who oppose being annexed to the city are going to fight the ordinance on the ground that discrimination has been practiced.

Will Oppose Scheme.

Owners of resorts, such as beer gardens, that at present are just outside the city limits, but which occupy territory that is back of the annexation ordinance are seeking to bring into the city, likely will fight the ordinance. In most instances, business at these resorts is conducted only four months out of the year, and the proprietors take the stand that in addition to taking out a county license they will also be required to take out a city license to sell liquor. In that way they claim their expenses will be greatly added to, without any material benefit to themselves.

In order to bring into line those who may oppose the annexation ordinance as it is being framed, Councilman John Baron has declared his intention of introducing an ordinance prohibiting the Water Company from supplying with water persons outside the city limits. He is of the opinion that this will be one of the strongest arguments that can be made in favor of annexation, as persons beyond the city line, they are supplied with water at the same rental as Louisville people are required to pay, but they have to lay their own line of pipes.

Salary Ordinance.

Herman Christen, who will introduce in the lower board to-morrow night an ordinance providing salaries for Councilmen and Aldermen, feels sanguine that it will pass both boards without much opposition. If the ordinance passes, future members of the General Council will each receive \$10 for every meeting they attend during the year up to and including thirty meetings. This makes provision for only six meetings during the twelve months, and if more extra meetings are held the Councilmen and Aldermen will be required to receive no pay for attending them.

As an argument in favor of the passage of the ordinance, Mr. Christen says that under the no-pay system it is hard to get a quorum in either board unless something more than ordinary business is scheduled to come up. He contends that pay at the rate of \$10 a meeting night will make it worth while for all who can to attend.

JAMES LIGHTFOOT SUCCUMBS TO SENILITY.

James Lightfoot, of Belmont, Ky., died of old age at the home of his son, James Lightfoot, Jr., yesterday afternoon at 3:30 o'clock. Mr. Lightfoot was a native of England, but came to this country when a boy. For over twenty-five years he had been a section foreman on the L. & N. railroad, but retired about twenty years ago. Since November Mr. Lightfoot had made his home with his son, James Lightfoot, Jr., 2735 Bank street. He is survived by another son, John Lightfoot, also of this city. Funeral services will be at 2:30 o'clock this afternoon from the residence and burial will be in Cave Hill cemetery.

NO LIGHT THROWN ON RUST MURDER.

At the inquest into the death of Frank Rust, the carpenter, who died Thursday night at St. Mary and Elizabeth Hospital of injuries received at the hands of footpads the Saturday night before, it is expected that little light will be thrown on the case. The inquest will be held by the coroner, Dr. Harris Kelly, and will be held at the residence of Mr. Simons and Kimble, who have been assigned to the case, have reported no new developments in their investigation. It is probable that the coroner's jury will return a verdict to the effect that Rust's assailants are unknown.

J. B. ATKINSON'S CONDITION REPORTED IMPROVED.

J. B. Atkinson, member of the School Board, has been ill for the past three weeks at his home, 2805 West Jefferson street, and, while he is recovering, it is not thought that he will be able to leave his home for many days yet. Mr. Atkinson has been suffering from a severe cold and was completely broken down. Last night at his home it was said that he was gradually gaining strength and that his complete recovery was expected within the next two weeks.

ALONZO M. JENNINGS VICTIM OF PARALYSIS.

A paralytic stroke caused the death of Alonzo M. Jennings, fifty-eight years of age, of Twenty-ninth and Market streets, at 4:15 o'clock yesterday afternoon. Mr. Jennings was sitting in a room on the second floor of his home when he was stricken and died. Up till that time, however, he had been in perfect health. He is survived by a wife and child. Funeral services will be held at 2:30 o'clock to-morrow afternoon in Highland Park church, back of Jeffersonville, and burial will be in Walnut Hill cemetery.

SIMPLICITY

Of Criminals Is Very Remarkable.

ALMOST CHILDLIKE IN SOME WAYS AND EASILY CAUGHT.

SPECIALISTS IN CRIME ARE EASILY TRACKED DOWN BY DETECTIVES.

MANY STEAL ONLY LEAD.

[Manchester (Eng.) Chronicle.]

After all, criminals are quite charming in their simplicity. I mean the real habitual criminals who do wrong because they are incapable of doing right. They are not the cunning, calculating, and the time he has to have had a hand in the robbery, the cunning criminal hasn't the brains to alter his method; he has no originality. His crimes are simply insanity working in one narrow channel.

I was doing the rounds with a city detective one night during the present month. He said to me, "I am on the search for a man by his chief. And what at first aroused my interest was the indifferent way he pursued his task. 'Oh,' he said, when I hinted at this, 'I know my man, know where he'll be and the time he'll be there.'"

The fellow I was talking of was a detective, like all criminals, is a fool. He always does the very same thing he's wanted to do now.

As a matter of fact, he had been "copping" lead. He had a market for lead, and a knowledge of always having where some of it was waiting innocently to be pinched. Lead was all he wanted, and he was getting it.

"I've known him," remarked the detective, "to go through rooms full of valuables even with a gold watch lying loosely on a table. He would look at the house where he knew there was lead. He had no call for watches; they were a nuisance. He knew, too, that if he were foolish enough to leave his belt open, he would be tracked without thought it would be as good as done for."

We proceeded toward the "lead pincher's" customary haunt, the attraction of which was a woman. "I shall have to get him at a certain time. All these fellows," went on the officer, "have ways peculiar to themselves. Each man always steals the same kind of thing. I have seen him in the hands of wild animals than in the hands of a man."

"I've seen him," remarked the detective, "to go through rooms full of valuables even with a gold watch lying loosely on a table. He would look at the house where he knew there was lead. He had no call for watches; they were a nuisance. He knew, too, that if he were foolish enough to leave his belt open, he would be tracked without thought it would be as good as done for."

He contends that pay at the rate of \$10 a meeting night will make it worth while for all who can to attend.

"Curious," I remarked. "There's a fellow I nabbed last week," said the detective. "He'd been out of jail for a while when he was caught in a shop in a main thoroughfare. As soon as I saw the man removed from the back room, I knew the man I was to deal with. I've never known a man who could take out a door panel so neatly and smartly as he can. Well, he took out the door panel, and I saw the reward was in force all other businesses were laid aside in order to take advantage of the munificence of the empire."

**BASE RUNNER OUT WHO PASSES OTHER.**  
One of the new rules adopted by the major leagues at their recent meeting in New York recalls one of the most famous plays in baseball history. The rule requires that a runner who passes another runner who is entitled to the same base must be out. This rule was adopted to prevent the "bump" play, in which a runner would intentionally bump another runner to advance him.

**CHAT OF THE GAME.**  
Wright and Buntin certainly pitched grand ball yesterday. White and Walsh did the best they could, but Wright was too cold for the job. Buntin was a bit better, but still not up to the task. The game was a close one, with Wright and Buntin leading the way.

**Jack Harper Transferred to Columbus.**  
Columbus, O., March 31.—It was announced today that Jack Harper, who has been in the city for some time, has been transferred to Columbus. Harper is a well-known player and has been a member of the team for some time.

**BASE RUNNER OUT WHO PASSES OTHER.**  
One of the new rules adopted by the major leagues at their recent meeting in New York recalls one of the most famous plays in baseball history. The rule requires that a runner who passes another runner who is entitled to the same base must be out. This rule was adopted to prevent the "bump" play, in which a runner would intentionally bump another runner to advance him.

**CHAT OF THE GAME.**  
Wright and Buntin certainly pitched grand ball yesterday. White and Walsh did the best they could, but Wright was too cold for the job. Buntin was a bit better, but still not up to the task. The game was a close one, with Wright and Buntin leading the way.

**Jack Harper Transferred to Columbus.**  
Columbus, O., March 31.—It was announced today that Jack Harper, who has been in the city for some time, has been transferred to Columbus. Harper is a well-known player and has been a member of the team for some time.

# THE MEMPHIS RACE TRACK TO REMAIN INTACT.

Country Club To See That Montgomery Park Is Not Cut Into Building Lots.

EMPHIS, Tenn., March 31.—(Special.)—Montgomery Park will not be sacrificed for building lots. The local track, which has been the home of the thoroughbred for many years, will be preserved, the Country Club adjudge, which has been embraced a membership of nearly a thousand of the elite of Memphis and vicinity, will be continued, and every effort will be made to secure favorable legislation of some sort to preserve the track and the horse racing industry.

This decision has been reached by the Executive Committee of the Jockey Club and the Country Club, which have been in conference for several days. The decision is a relief to the many people who have been worried by the possibility of the track being cut up for building lots. The Country Club has been in the forefront of the fight to preserve the track, and its decision is a victory for the horse racing industry in Memphis.

**Purdue Has Fine Chances.**  
Old Gold and Black Will Bid For Western Baseball and Track Championships This Season.  
LAFAYETTE, Ind., March 31.—(Special.)—The Faculty Committee on Athletics in its meeting yesterday afternoon approved the complete baseball and track schedule presented by Coach Nicol. The schedule is the best that has been presented in the West, for both baseball and track. The team is well known and has a good chance of winning the championships.

EVERY HIT MEANS MONEY TO LAJOIE.

Forty-six dollars for each and every base hit.

WHEN MIKE KELLY LOST HIS GLORY

Outfielder Carries His Tactics Too Far In Game With Cleveland.

**ART** of "Mike" Kelly's stock in trade was so to perform on the field as to induce the spectators to cheer him, and also to induce him to cheer John B. Foster. He would threaten and cajole the umpires, resort to the crowd and irritate the opposing players. There was no time in which he hesitated to hold the center of the stage and trust to his native wit and shrewdness to retain them.

**PLANS PROGRESS FOR NATIONAL SKAT LEAGUE**  
CHICAGO, March 31.—With the tenth annual congress of the North American Skat League, which will be held at the Columbus in this city on June 8, 9 and 10, the work of the national organization have completed all of the preliminary arrangements for the big event. A committee consisting of forty well-known and influential citizens from Cook County Commissioner Joseph Thompson has been appointed to solicit prizes, and from reports the indications are that over 2,000 trophies, ranging from a \$100.00 gold watch to a box of cigars, will be donated. This list will be considerably augmented by the donation of prizes by individuals and clubs outside of Chicago. The National Skat League will offer the \$100.00 gold watch to the winner of the tournament, and a silver trophy to the runner-up.

MONDAY, APRIL 1, 1937  
CITY FEATURES.

Don't Drink Mud.  
Pasture Filters last a lifetime; cost less than any other quality considered. All physicians and informants use them. Put in on approval. SHULHAFER, sole agent, 449 West Jefferson.

**CLEANING-UP TIME.**  
CITY HEALTH DEPARTMENT WILL GET BUSY TO-DAY.  
Patrolmen Will See That All Premises on Their Beats Are Given Thorough Renovation.

Sanitary inspection in Louisville begins to-day. Every policeman, when he reports for duty this morning, will be provided with a book in which he is supposed to enter all nuisances which he may discover. At the expiration of ten days, which time it will require to make a thorough inspection of all premises in the city, the patrolmen will make their reports to the health department. The inspector will be called upon to explain to the board of public safety. A list of the nuisances to be inspected will be supplied each patrolman, and he is supposed to make a personal inspection of all premises on his beat.

While there is no ordinance requiring patrolmen to whitewash their fences and houses in the spring, Dr. Allen is hopeful that city pride will impel many to do so. He said yesterday that if the patrolmen will help him the sanitary condition of Louisville this year can be greatly improved over that of last year. The wash improves greatly the appearance of fences and outdoors. It is also a purifier, and for that reason Dr. Allen advocates a lavish use of it.

**KENTUCKY COUPLES WED IN JEFFERSONVILLE.**  
Bloom Haggard, of Winchester, Ky., and Miss Lettie Tucker, of Clark county, Ky., were married in Jeffersonville yesterday by Magistrate Charles S. Ferguson. The groom is a farmer and was born near Winchester. The bride is a native of Clark county. She is a daughter of A. T. Tucker. The ceremony was accompanied by Mrs. Mattie Haggard, an aunt of the groom, who made the affidavit they were of age.

**Locomotive Sets Fire to Sidewalk.**  
Sparks from a passing engine on the K. and A. bridge ignited the board walk that stretches along Water street, at Third and Water streets, about 4 o'clock yesterday afternoon. A great deal of trouble was encountered by the firemen in getting at the blaze, as the sparks had fallen through a plank and landed under the walk, causing the firemen to tear up several boards before they could put out the fire. The damage was slight.

**Stopping at the Planters.**  
P. D. Jones is in St. Louis stopping at the Planters Hotel.

**Why Louisville Has Pretty Women.**  
Two drummers were talking in the lobby of the Seelbach. "You know," said the one, "that Louisville has the most beautiful women of any city in the country?" "I think you are right," said the other. "I know what I'm talking about," said the first. "I sell cosmetics, and Louisville is the best town I sell in."

**Mrs. Winslow's Sooting Syrup.**  
has been used by millions of mothers for their children with teething for over fifty years. It soothes the child, cures the gums, loosens the bowels, and is the best remedy for colic.

## TAKES ISSUE

With U. S. Census-Taker's Figures.

NEW ALBANY INSISTS THAT IT HAS GROWN.

R. W. BINGHAM LECTURES TO INDIANA ELKS.

DECRIES EDUCATED NEGRO.

Although the Census Bureau at Washington has issued a report to the effect that New Albany has not increased in population over the census report of 1930, the census takers have given, hundreds of houses have been erected in that city since the census was taken seven years ago, and there is now a large and increasing demand for modern houses with every convenience in that city. There are no houses to be rented and those with bath, proper heating facilities, modern style of lighting and other conveniences that could be rented at from \$15 to \$20 a month could be readily leased to good paying tenants and would prove better investments for capital after taxes and other charges.

Says Education Hurts Negro.  
The last of a series of Sunday afternoon lectures that have been so successfully given at the Elks Home, New Albany, was held yesterday afternoon, a large crowd being in attendance. The address was delivered by Robert W. Bingham, of Louisville, who had for his theme, "The Army of a Dream."

Bingham dwelt upon the duties required of good citizens and spoke of the perils that threatened the country from various sources. He was particularly severe on corruption, bribery and graft, and admonished his hearers that upon them rested the duty of upholding the law and of opposing all weak-kneed judges and venal prosecutors. The audience and disregard of the law by money-mad people was a warning that might result from various other causes, the principal one being the negro race.

In connection with this he stated that the higher education given to the negro and the more they were educated, the more they were inclined to oppose the influence of Christianity and to make them less fitted for their duties than the ignorant and uneducated of the race. Mr. Bingham was interrupted by James W. Dunbar, Exalted Ruler-elect, who at the conclusion of the address told the speaker a most graceful compliment.

A solo was sung by Mrs. Corde Rothchild Sapinsky, of Louisville, and by Mrs. M. K. Allen, Health Officer, and the latter, in turn, will make a thorough inspection of all premises in the city, the patrolmen will make their reports to the health department. The inspector will be called upon to explain to the board of public safety. A list of the nuisances to be inspected will be supplied each patrolman, and he is supposed to make a personal inspection of all premises on his beat.

While there is no ordinance requiring patrolmen to whitewash their fences and houses in the spring, Dr. Allen is hopeful that city pride will impel many to do so. He said yesterday that if the patrolmen will help him the sanitary condition of Louisville this year can be greatly improved over that of last year. ## SPECIAL AGENT

For Negro Department At Jamestown Exposition.

RICHARD W. THOMPSON HONORED BY THE GOVERNMENT.

NEGRO CONVICT TAKES SUDDEN LEAVE OF REFORMATORY.

PLIGHT OF CHICKEN THIEF.

An indefinite leave of absence from the Government Depot in Jeffersonville has been granted Richard W. Thompson, colored, who is a waiter at the depot and has been detailed as a special agent in connection with the negro department at the Jamestown Exposition. He has been absent for some time, and during the past month was at the Washington headquarters, but with the remainder of the office force has been detailed to the depot. Thompson is a personal friend of Booker Washington, and is a graduate of Tuskegee Institute. A few nights since Washington was in Louisville, and Thompson was with him. Thompson is a personal friend of Booker Washington, and is a graduate of Tuskegee Institute. A few nights since Washington was in Louisville, and Thompson was with him.

Entangled Litigation.  
Prolonged litigation is in sight in Jeffersonville over five milk cows that were seized by Sheriff John S. Perrett as the property of Mrs. Bertha Prather to satisfy a judgment. The cows were owned by David Baird & Sons, of Louisville, who sued Mrs. Prather several months ago on an account alleged to be due from her. The cows were seized by Sheriff Perrett, and the litigation is now pending in court.

Simply Walks Off.  
Joseph Turner, colored, is missing from the Indiana Reformatory in Jeffersonville, where he was an inmate until Saturday night. Turner was released on parole, and he is believed to have walked off. He is a native of Kentucky, and has been in the reformatory for some time.

Stole a Chicken.  
At a cost of more than \$50 to the State of Indiana in the way of court and transportation expenses, George B. Davis, found his way into the Indiana Reformatory at Jeffersonville to serve an indefinite sentence on a conviction of three years on a conviction of the charge of stealing a chicken. He is a native of Kentucky, and has been in the reformatory for some time.

Without a Peer.  
Words of grateful acknowledgment for benefits received always indicate a noble character. How pleasant it is to listen to the praise uttered by Charles Hart, of Frankfort, Ind., who says that he suffered from indigestion and palpitation of the heart, of which he was entirely cured by taking Dr. Burkhardt's Vegetable Compound. He estimates the recovery of his health as done more for him than all other remedies with which he is acquainted. In 1903 13,000,000 persons afflicted with catarrh, rheumatism, neuralgia, erysipelas, blood troubles, female complaints, dyspepsia and scrofula felt equally grateful, when taking Dr. Burkhardt's Vegetable Compound, to the efficient relief for their distressing ailments. Thirty days' treatment 25c. All druggists.

HIT BY STREET CAR AND KILLED.  
FRANK BOWER FAILED TO SEE MOTOR'S APPROACH.  
WAS IN LOUISVILLE FROM CHICAGO ON A VISIT.

RIBS AND SKULL BROKEN.  
Frank Bower was run down by a north-bound Monon street car and killed. A distance of seventy-five feet was traveled before the car struck him, breaking five ribs on the left side and inflicting an ugly gash in his head. Mr. Bower never recovered consciousness after being hit, and Coroner Kelly ordered his body removed to John Mass & Brothers' undertaking establishment.

The motorist in charge of the car was Charles Thorne and the conductor was James W. Vahed, both of whom were taken to the hospital. The car was damaged and the driver was arrested. The car was taken to the hospital and the driver was arrested.

Mr. Bower was a single man, and was survived by two sisters, Mrs. J. Schuman and Mrs. W. B. Bower, of this city. The funeral services will be held at 2 o'clock to-day at John Mass & Brothers' chapel. The interment will be in Cave Hill cemetery.

Will Spalding Killed by Another Negro.  
Will Spalding, colored, was shot and killed by another negro yesterday morning in the alley between Eighth and Ninth streets and Broadway and York street. Spalding was shot through the heart, and died immediately.

The police are looking for Barney Green, another negro, said to have done the shooting.

It's about our Hydraulic Brick. We are supplying it to all leading contractors and builders. Why not? We have some of the buildings in this city that have been constructed with them—and get an idea as to the attractiveness? We will gladly furnish estimates to contractors and builders in strict accordance with plans and specifications.
